

NV1 Program Application

Thank you for your interest in applying to have your program distributed on NV1. Your first step is to answer the questions which follow to give us a better understanding of your program's background and mission.

Once you complete this application, you may e-mail it or fax it to me (contact information follows). You can expect that someone will be back in touch with you 7 to 10 days after receiving your application.

NV1 welcomes and encourages all producers to apply for distribution through our network. We are eager to find programs and producers whose work supports and advances NV1's mission to expand Native American perspective, voices, and culture.

I encourage you, if you have not already done so, to familiarize yourself with our programs and our stations outlets across the US by visiting our website, <http://www.nv1.org>

I look forward to speaking with you! Don't hesitate to get in touch if you have questions.
